Your Data Protection

Data Handling: Client data uploaded with your consent (Gemini, Jasper, Claude only)

Precision Marketing Ltd is committed to full transparency about AI usage. We conduct thorough due diligence on all AI vendors' data protection practices, training policies, and compliance certifications. All outputs undergo human review before delivery.

Human Oversight

All AI-generated outputs were reviewed and edited by Precision Marketing Ltd team members before delivery. AI tools were used to assist human creativity and decision-making, not replace it.

Generated by Precision Marketing Ltd on 24 January 2026

This document provides a summary of AI tool usage. For detailed vendor policies, see page 2.

GDPR Compliance Statement

Precision Marketing Ltd is fully committed to data protection compliance under UK GDPR and Data Protection Act 2018. Our AI vendor selection process includes comprehensive due diligence on data location, training policies, DPA availability, and security certifications. We maintain detailed records of all AI tool usage and conduct regular reviews of vendor practices. All AI-generated outputs undergo mandatory human review and quality control before client delivery.
